Dear Sir

Site NO 137/13, ADANAHALLI 6th BLOK

Subject :

I am the owner of the above site. I had orally requested Office Bearers of your Society on 26.10.24 to clear my site and our road of all Debris Bushes and wild growth. I was pleasantly surprised to note that your Society Officials had come with JCB and Workers on 28.10.24 morning to my site area. They have cleared all the Debris from my site and our road at their own cost and posted the videos of the work done to my mobile. They have not even asked what is the cost involved that is to be borne by me for this work. I am not even a member of the society. I am extremely grateful for their prompt response. I heartily thank and also congratulate all your staff for their good work. Please let me know how much I have to pay for the site and road cleaning job done by the Society. I am also very keen to become a member of your Society. Please let me know the procedure and forms that I need to become your Society member.

Regards
